## Exercise 6: Review a 5-minute Talk

Scholarship Skills, Winter 2020

Andrew Black

Due in class on Wednesday, 12 February

---

Review the section of the Skills Book on Presentations (Chapter 6). Then review the 5-minute talk by Prof. Wu-chi Feng that is linked from the Exercises section of Piazza, or the 5-minute talk that we saw in class by Simon Nicklaus.

For your chosen talk, come up with a list of three strong points and three weak points you see in the talk (including the slides). Try to relate your points to topics covered in the book and in the lecture notes on presentations.

**Please turn in one copy of your points**, on paper, on 12 February.
